WORKSHOP ITEM

Discuss beautification of Kost Detention Pond.

Michelle Segovia reviewed two cost estimate options for the Kost Road Detention Pond beautification. The options include a decorative fence along the south, east, and a portion of the west property lines, landscape trees, and a 4" concrete sidewalk 6'wide located on the detention pond berm along South Street only, OR the more expensive option includes the sidewalk around the entire pond.

Discussion was had on the proposed beautification efforts and brief discussion was had on the tree donation program as a possibility to provide landscape trees to the area.

Ms. Segovia suggested that Council hold off on finalizing beautification efforts until the pond has been completed and tested for functionality. After that time, Council can decide upon the scope and funding available for the beautification project. Council concurred with Ms. Segovia's suggestion.
