Dear Honorable Members of the City of Alvin Council,

Please accept my apologies for being unable to attend the interviews in person, as I am currently on an out-of-state business trip for a client—a prior engagement that unfortunately coincided with the interview schedule.

My name is Sonya Atkins-Goodman, owner and President of HumanEdge Resource Solutions, a locally owned fractional HR services company located at 2197 Highway 35 North Bypass, Alvin, Texas. I am writing to express my sincere interest in joining the Economic Development Committee. I moved to Alvin in 2009 and have since been deeply invested in the growth and prosperity of our community not only as a business owner but as a resident as well.

As someone who is actively engaged in the Alvin business community, I am enthusiastic about the prospect of contributing my skills and expertise to the city's Economic Development Committee. With over 30 years of experience in human resources across a range of industries, I have a strong understanding of how workforce development, community growth, and strategic partnerships can significantly impact a community's economic future. Through my work at HumanEdge Resource Solutions, I have partnered with businesses both locally and beyond, helping to create sustainable HR practices that drive growth, boost morale, and foster development.

I believe my background in human capital management and my personal passion for community make me uniquely suited for this role. As an advocate for business owners, employees, and community members, I am committed to helping Alvin flourish through strategic economic initiatives and meaningful partnerships. My experience working with a variety of organizations—from startups to established enterprises—has provided me with insights into how best to support small business development, attract new businesses, and foster a thriving local economy.

I would be honored to join the Economic Development Committee and have the opportunity to contribute my knowledge, time, and energy to help shape Alvin's economic future. I am committed to making Alvin an even better place to live, work, and do business, and I would be proud to serve alongside other dedicated members of our community.

Thank you for your time and consideration. I understand the importance of this role and hope to have the opportunity to support the council's vision for our community. I would be more than happy to answer any questions you may have via email or phone until I am able to meet in person.

Warm regards,

Reason(s) you wish to Continue Serving:	I feel that in the past few years, I have developed a strong sense of the policies, goals, and needs of the city's parks. As a father of three young children (8, 6, and 3 years old), the parks of the city are a big part of my life, and my role as a pastor has allowed me to get valuable feedback from a broad swath of the community. On the board, I have played a very active role in researching peer cities for projects like our child safety guidelines and spearheaded the effort to update our park dedication ordinance, finding out how Alvin compared to other communities in our area and calculating the costs necessary for the fee to fulfill its stated objectives. I feel like as part of this team, I have been able to help make Alvin a better place to live, and would like the honor of continuing to do so.

at this point in the semester. If any of the board members have

I will not be able to attend as I had a surgical procedure yesterday. I'm in pain. If you like you can pinch hit for me.

I can only do BBOAA as we don't meet often. I am also resigning from the TIRZ committee. Please let me know the steps to do that.

Things I've done at the city as an. Ex-employee.: I did at one time all the minutes for all the committees and agendas for a time. (With exception to city council).

I was the city managers secretary for a year when Tommy Peebles was the intern city manager (1994). After that I went to work for the engineering department to work as the city's engineering secretary under Brandon Wade. Under Jimmy Thompson I learned to review plats for dedicatorial language. I attended all predevelopment meetings and committee meetings for minute taking. I also wrote 3 or 4 draft ordinances. Manufactured home, park ordinance, RV park ordinance and the resort RV park ordinance. I got all departments together. together to review them and then sent them over to the city Attorney to determine if they would clash with any other ordinances on the books. After that the final draft was presented to city counsel for final approval.

Over the years I worked in finance helped out in tax department and ended up at the end with Larry Buer as a predevelopment coordinator. It was a great ride working at the city.
